**Ascend** TECHNOLOGIES

# Access all your productivity tools anywhere, at any time with Microsoft 365.

## SECURE CLOUD STORAGE
Secure environment with powerful enterprise-grade security features built in.

## COLLABORATE ANYWHERE
Share mailboxes, calendars, contacts & edit documents in real time from anywhere.

## MICROSOFT 365
### ACCESS FILES ANYWHERE
With automated updates & security features, Microsoft 365 gives your team the flexibility to deliver from anywhere with tools that help you stay connected and get things done.

## MANAGE COSTS
Paid for on a per-user, per-month basis, like a subscription. Reduce costs by working with a single vendor who can handle multiple capabilities customized for your business needs.

## AUTOMATIC UPDATES
Best-in-class productivity apps such as Word, Excel & Outlook are included & configured to ensure you're always up-to-date.
